Part III of

Final Report, [REDACTED]

Contract No. [REDACTED]

November 11, 1985

STAT

Dear Bob,

25X1

STAT

[REDACTED] This letter transmits five (5) copies of Part III of the Final Report for Contract [REDACTED] entitled "Field Test Site Modification". Part I of the contract covering a special magnetic inspection system was mailed previously under separate cover. Part II, covering software development and electrical and mechanical modifications to the Battelle MAD system will be retained with the system pending final disposition of specific operational parameters.

25X1

[REDACTED] We are pleased to have been able to provide the requested field site modifications within your pressing time schedule and look forward to continued activity on this unique and versatile test fixture. If you have any questions or require further assistance, please do not hesitate to call.

Very truly yours,
